

Adoption Link Web Contract

In an effort to shorten your wait for a child, Adoption Link is pleased to offer you the opportunity to have your profile online — another means of reaching prospective birthparents. This marketing tool is available to you through the Adoption Link website. Here's how to proceed:

- For your profile, please prepare one or two pages of text in a Microsoft Word document, as well as two to four photos, saved as JPEGs. For your text, plan on about 400 to 700 words; most profiles are about 600.
- Deb Slater of [Adoption Profiles by Design](#) is our webmaster and will prepare your online profile. Send your Word and JPEG files as attachments in to her at debs@deborahslater.com. Please review your profile carefully prior to sending as changes cannot be made once posted. Deb will post your profile to our website within five days of receiving your files.
- The webmaster reserves the right to edit or change your profile, when necessary. Each family will be given the same space allotment: 400 to 700 words and one to four photos.
- E-mail this completed contract back to debs@deborahslater.com. Or mail to: By Design, 684 Omar Circle, Yellow Springs, OH 45387.
- The subscription fee is \$100 per year, per family. Once a placement has been made, your web profile will be taken down from the site within a few weeks.
- Adoption Profiles by Design will invoice you electronically or make arrangements for you to pay by check, if you prefer.

Please check one or the other:

I/We understand that my web profile will be on the web with my first name and the initial of my last name. I understand that I will pay \$100 for this service and when my child is placed in my home, my profile will be taken off the web site, rendering this web contract fulfilled. If I decide to pursue another adoption, I will need to subscribe to this service again for a fee of \$100 per year, per family.

I/We do not wish to be on the Adoption Link website at this time. We understand that we can contact Adoption Link in the future if we do become interested in our family profile being on the Adoption Link website.
